

**Talk about what  
matters most.**

## **Your local community mediation center**

Creative Mediation is here to help you navigate the challenges that make you, your business or your family feel stuck. As your local community mediation center for over 25 years, we offer low-cost & free services through our professionally trained volunteer mediators.

Mediation offers you a chance to talk about what matters most. We offer **informal, private services** to help you clarify issues, improve communication, explore various solutions, and in most cases **resolve differences**.

# Creating space for your solution.

## Helping you, your family or your business move forward.

Our voluntary and informal dispute resolution process involves an impartial third-party mediator who facilitates a productive and effective conversation. Mediators provide a neutral forum to help those in conflict reduce the barriers to communication and talk freely and openly.

## Education & Training

We provide trainings & workshops that teach effective communication and conflict resolution, enhance professional development and certify community mediators, including:

- Elements of Mediation
- Advanced Mediation Seminars
- Communication Workshops
